Partner with the first DevFest in Latvia

DevFest Rīga is a full day of talks, hands-on workshops and building. GDG Riga and GDG on Campus RTU are organising it for February 2027. We will announce the exact date and venue later.

The GDG Riga community

Rīga, Latvia | February 2027, date TBA | Venue TBA

~500
people expected at DevFest Rīga
Our target for the day

151
RSVPs for our Coding with AI hackathon
94% of 160 seats

14
projects submitted at that hackathon
15 teams formed on the day

4.58/5
average rating at Future Tech Conference
Kiosk feedback, 78 responses

audience

Who comes

Developers, engineering students, tech professionals, founders and curious builders. People who build with AI but don't write code for a living are welcome too.

- **Students** come for hands-on work, something for the CV and a chance to meet people who hire.
- **Developers** come to try new tech first-hand.
- **Founders** get students and engineers in one room.

"We want Riga to be a place where Latvia's next generation of tech talent is built, and stays."
Our goal as organisers

values

How we run events

- **Free to attend.** GDG Riga events are free. Every workshop we run is free, and that is the point.
- **Run by volunteers.** Students and young professionals give their time. We are not Google employees.
- **Tech first.** Talks stay technical, with no pricing or sales slides on stage. Open roles go on the partner wall.
- **Learning by doing.** People join workshops and a build challenge, and leave with something they made.
- **Flexible partnerships.** There are no fixed packages. We shape each one around your goals.

Visibility for partners

- Logo on banners, slides and the event page, with a link
- Posts on GDG Riga and GDG on Campus RTU channels
- A thank-you on stage, tagged photos and a recap

Beyond the logo

- A private AI tools workshop for your team
- Time with students looking for internships and jobs
- A community meetup at your office (agreed separately)

partner types

Ways to partner

There is no price list. Pick one role or combine a few, and we will work out the details with you.

Partner	You bring	You get
Speaker partner Our main opportunity	An expert for a talk (20 to 30 min), a workshop or a panel	A slot on the official programme, a speaker profile and promotion of the talk
Challenge partner	A Vibe Zone challenge, plus a mentor or judge	Challenge branding, a demo moment and a winners' showcase
Showcase partner	A demo, display or product people can try	Space at the event and a mention from the stage
Global speaker partner	Travel for an international speaker (flights, hotel)	"Brought to you by" on that talk, plus full partner visibility
Community partner	You share the event with your audience	Your logo on the partner slide and a thank-you post
Venue partner In kind	Space for about 500 people: main hall, breakout areas, Wi-Fi, power and AV	We run the programme, speakers, volunteers and participant comms, with promotion and recognition as Official Venue Partner
Food & drinks partner In kind	Cold drinks, coffee and tea, snacks or lunch for about 500 people	We handle the serving setup, promotion and photos, with partner recognition

track record

What GDG Riga has run in 2026

Future Tech Conference, June 2026

Coding with AI: Building Agents

2 Nov 2026 · The Moon, RTU · talk, guided demo and hackathon

151 RSVPs **73** registered to hack **15** teams **14** projects

55 people voted

Future Tech Conference

15 Jun 2026 · The Moon, RTU · kiosk feedback

4.58/5 average rating **78** responses **55** gave 5 stars

Our previous events at RTU's The Moon brought together around 250 participants. We have already flown in speakers from Finland, Sweden and Estonia.

decks

Three decks with the details
